Findings of Fact & Conclusions of Law

TIFFANY IRIZARRY, Authorized Representative, appeared for the Respondent at a telephone hearing. Senior Insp Antwan Gibbs appeared on behalf of the Petitioner.

Summons 001023427P alleges that the Respondent's vehicle was idling for more than one minute by a school/park based on a citizen complaint in violation of Code 24-163(f) at 6210 14 ave. The summons alleges the Respondent has prior violations of the code.

The Petitioner submits into evidence a copy of three photos of the vehicle, a citizen complaint, and a video. The Petitioner

stated they have no corroborating evidence identifying any school at the location of the incident.

The Respondent denies the charge. The Respondent argues that there is no visibly identifiable school or park seen in the video and no documentary evidence was presented that any school or park exists at the location cited. The Respondent also submits into evidence a statment that the engine was being used for the for lift delivery.

I credit the Respondent's argument that here is no identifiable school or park seen in the video and no evidence that any school or park existed at the location. The summons is dismissed.
