Findings of Fact & Conclusions of Law

Respondent appeared by M. Nacmias. Petitioner did not appear. Petitioner charges Respondent with NYC AC 24-228.1. Mr. Nacmias challenged the section of law changed, arguing it only applied to construction equipment. I disagree. The cited section addresses "exhaust of any device." He further argued that the summons failed to state a prima facie case, but I find all elements of the charge are presented in the violation details. The summons states a prima facie case. No further defense or evidence was presented. I credit the allegations in the summons and find Respondent was in violation on the cited date. I uphold the violation and impose the standard penalty.
