Findings of Fact & Conclusions of Law

The hearing was conducted by telephone on Court Call on July 8, 2026. Keith White appeared for Petitioner. Alexander Stratis appeared for Respondent.

The summons charged a violation of Section 19-121(b)(3) of the Administrative Code of the City of New York (Code) for failure to provide construction material/equipment with proper markings capable of producing a warning glow.

Mr. White contended that Respondent failed to mark barriers on the roadway with high intensity paint or reflectors. He submitted into evidence photographs of the barriers as observed by the issuing officer (Petitioner's Exhibit A).

Mr. Stratis submitted into evidence a June 1, 2026 statement from the foreman stating that the barriers were properly marked and equipped with reflective tape, as well as photographs of the barriers (Respondent's Exhibit 1).

Mr. White acknowledged that Respondent's photographs showed red and white reflective tape, but noted that the same tape was not seen on the barriers in the inspector's photographs.

I credit the summons. I do not credit the testimony and evidence provided by Respondent. Although Respondent submitted photographs of the barricades with reflective tape, the photographs were not date or time-stamped and the text added to Respondent's Exhibit 1 states the photographs were taken on April 20, 2026, after the violation date. The evidence provided by Respondent does not state when all of the barriers were marked and does not establish that the barriers were properly marked on the violation date. The summons is sustained.
