Findings of Fact & Conclusions of Law

This hearing was conducted remotely by telephone. Nora Brown appeared for Respondent. Jarmaine Farrell appeared for Petitioner. Respondent was charged with a violation of 34 RCNY 2-02(d)(2).

Petitioner provided an evidence packet, and stated Respondent was first issued a CAR to restore double yellow lines, but upon reinspection it was found they had done so without first getting the necessary permit, and thus the summons was issued.

Respondent provided the CAR and a Permit. Petitioner reviewed those documents and stated that permit was issued after the

summons was issued. Respondent stated that was correct and the permit was from a date after the summons was issued.

I find that at the time the summons was issued Respondent did not have a permit to conduct that work.

I find that Respondent did not refute Petitioner's case or establish a defense to the violation.

The summons is thus sustained, and the statutory penalty is imposed.
