Findings of Fact & Conclusions of Law

The summons alleges that respondent committed a violation of the New York City Health Code section 151.02(b) by having exposed garbage from torn bags and food debris in the front right yard. It is alleged to be a second violation citing prior summonses 803373699 and 803373708 issued on February 4, 2025. However, the potential penalty listed on the face of the summons is \$300.00.

Michael Sargo, attorney, appeared on behalf of Respondent. The Department of Health did not appear.

Mr. Sargo denied the allegations. He submitted two photographs with an indication that they were taken on June 14, 2025 at

495 E 180 St. There is also a statement that "garbage containers with tightly sealed lids are maintained at the premises."

I credit the allegations contained in the summons. I also credit respondent's evidence that the garbage containers were properly sealed on June 14, 2025. However, the summons was issued on June 12, 2025. As to the conditions on the date of issuance, respondent failed to credibly rebut the allegations or argue a valid defense thereto. Respondent is found in violation and the first violation penalty shall be imposed in accordance with the penalty listed on the summons.
