Findings of Fact & Conclusions of Law

Ilma Babu appeared on behalf of Respondent for a phone hearing on December 10, 2025 in response to the above-issued summons. Inspector John McLaughlin appeared on behalf of Petitioner Department of Environmental Protection.

Petitioner relied on the sworn statements contained in the summons. Petitioner submitted a photo and video in support

Respondent claimed that the video appears to be edited and cut, and that dust is not shown after the beginning, and that may indicate that the dust was watered down. Respondent did not contest the underlying violations.

Petitioner claimed that the first seven seconds of the video showing dust is enough to establish the violation, and no use of water is shown.

I credit the observations contained in the summons, and the evidence submitted, and find that Petitioner proved this violation by a preponderance of the evidence. I do not credit Respondent's defense and find that Respondent has not established a valid basis for dismissal. Therefore, the summons is sustained and a third offense penalty is imposed.
