Findings of Fact & Conclusions of Law

A hearing was held telephonically on June 1, 2026 in connection with summons number 0221048026.

The Petitioner was notified of the hearing as per the rules of OATH, but did not appear within thirty minutes subsequent to notification.

Attorney Michael Nacmias appeared at the hearing on behalf of the Respondent.

The Respondent denied the cited charge, and contended that the summons contains conclusory statements that require review of documentation/additional information from the Petitioner in order to determine if there was in fact a violation as indicated in the summons. Based on the lack of additional information/documentation presented at the hearing supporting the cited charge in the summons, the Respondent contended that the summons does not make out a prima facie violation.

The Respondent presented no probative evidence at the hearing including no witness or affidavit from an individual with knowledge supporting the denial. Also, the Respondent was given an opportunity to make an application for an adjournment in order to obtain the additional information/documentation from the Petitioner which the Respondent believes would be necessary in connection with the cited charge, but elected not to do so. The sworn statement of the Inspecting Officer is credited. Since a meritorious defense to the summons has not been established by a preponderance of the evidence, the summons will be sustained. The standard applicable penalty for a violation of N.Y.C. Administrative Code Section 19-121(A) in the amount of \$750.00 shall be imposed.
