Findings of Fact & Conclusions of Law

Petitioner, NYC Department of Environmental Protection (DEP) appeared and was represented by Monica Dorson. Respondent, HUGH OKANE appeared and was represented by Lance Chebin.

The summons alleges a violation of Administrative Code section 24-163 for IDLING OF MOTOR VEHICLE ENGINE MORE THAN THREE MINUTES 3RD AND SUBSEQUENT

Ms. Dorson submitted an evidence packet including a video. In response, Mr. Chebin reviewed the evidence and said Respondent denies the allegations with no evidence in rebuttal. He said Respondent does not contest the prior violations.

Pursuant to Administrative Code section 24-163, "no person shall cause or permit" the engine of a motor vehicle to idle for more longer than three minutes, unless the engine is used to operate a loading, unloading or processing device.

I find Petitioner established a prima facie case. I credit the summons and Petitioner's evidence and find it establishes a third violation. I find Respondent did not establish a defense.

Accordingly, the summons is sustained.
