Findings of Fact & Conclusions of Law

On April 15, 2025, Lance Chebin, a registered representative, appeared on behalf of Respondent, Hugh O'Kane Electric Co., Inc., for a remote hearing by telephone. Michael Grosso appeared for Petitioner and relied on the Issuing Officer's affirmed statements in the summons.

Respondent was charged with violation of §24-163 of the Administrative Code of the City of New York for idling of motor vehicle engine for more than three minutes.

The Issuing Officer affirmed in the summons that on January 3, 2024, "Respondent caused or permitted the idling of a motor

vehicle while parked, standing or stopped. As per DEP records, citizen observed TRUCK with NY license plate # 82155MG idling for longer than three minutes from 1/3/2024 7:02:33 AM to 1/3/2024 7:06:59 AM at on Amsterdam Ave between W 111th St and W 110th St." This was charged as a third subsequent violation based upon prior summonses 000745983Y and 000769636X.

Respondent's representative did not dispute the prior violation and denied the charge without rebuttal.

I credit the Issuing Officer's statements in the summons, which establish that the vehicle's engine had been idling for longer than three minutes in violation of Code § 24-163 and that two summonses had been previously issued for the same charge. Respondent submitted no credible evidence to refute the charge.

Based upon the foregoing hereinabove, the preponderance of the evidence establishes that the vehicle's engine had been idling impermissibly for more than three minutes, that this was a third subsequent violation of the same section of law §24-163, and I impose a third subsequent penalty of \$600.00.

Wherefore, the summons is hereby sustained accordingly.
