Findings of Fact & Conclusions of Law

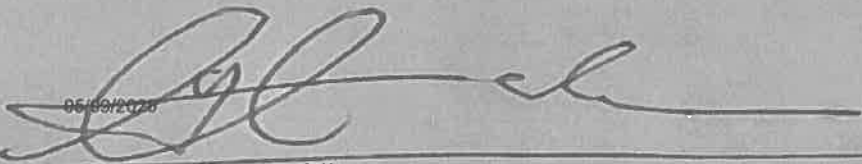

Respondent, Hugh O'Kane Electric Company appeared by Lance Chebrin as the authorized representative. The petitioner, DEP via email states that it does not have any representative available to appear, but states that it relies on the face of the violation.

The respondent is charged with a violation of section 24-163 of the NYC Administrative Code for idling of motor vehicle/truck engine with NY license plate no. 94254NA for more than three minutes (2nd and 3rd subsequent offense) with summonses

nos. 000744462Y and 000749853Y cited as the prior similar offenses.

Mr. Chebrin denies but did not rebut the violation.

As the summons states a case, and the respondent has not established a sufficient legal defense to the violation, I credit the facts alleged in the charge. Therefore, the violation is sustained. As this is a repeat offense the priors of which are summonses nos. 000744462Y and 000749853Y an approved penalty is hereby imposed.
