Findings of Fact & Conclusions of Law

The violation is sustained.

The Respondent, PENSKE TRUCK LEASING CORPORATION, appeared by its authorized representative, Lance Chebin - Nacmias Law Firm. The Petitioner, NYC DEPARTMENT OF ENVIRONMENTAL PROTECTION, appeared by its representative, Inspector Leah Smith. Due to an error the automatically generated date on this decision is incorrect. **The hearing was conducted by telephone on April 30, 2025.**

The summons alleges a violation of NYC Air Pollution Control Code Section 24-163, Idling of a Motor Vehicle engine over three

(3) minutes. The Issuing Officer specifically alleges in details of the violation that the charge was based on a Citizen Complaint alleging that Respondent's truck with NY license plate #87164NA was idling for longer than three (3) minutes on January 2, 2024 beginning at 6:03:13 PM on Duffield Street between Willoughby and Fulton Streets in Brooklyn.

Petitioner's representative relied on the summons for Petitioner's main case.

Respondent's representative stated that upon review of Petitioner's evidence received through discovery, Respondent denies the existence of the violating condition but will not produce any evidence or assert any affirmative defenses to the charge in the summons.

I find on the Petitioner's credible case that the violating condition described in the summons existed and the standard penalty is imposed.

The summons is sustained.
