Findings of Fact & Conclusions of Law

The summons was issued by the NYC Department of Environmental Protection for idling of motor vehicle engine, as a third and subsequent offense..

Petitioner, DEP, did not appear as all representatives were busy according to the email of Michael Grosso.

Respondent appeared by Ilma Babu, authorized Representative.

Ilma Babu acknowledged the prior violations for the same condition cited herein.

Respondent received the evidence prior to the hearing and sent a copy for review by the tribunal and had no objection to its entry.

Respondent denied the violation stating that the engine idling was not audible in the video and that there was a lot of ambient noise in the video as well.

The video in evidence demonstrates that the engine was operating at the time of violation.

As such, based on the record before me, the summons is hereby sustained as a third and subsequent offense.
