24-163: Idling of motor vehicle for more than 3 minutes /3rd offense

Petitioner submitted images of the vehicle, prior summonses, redacted complaint and a link to a video in support. Ms. Babu did not deny the prior violations nor that the vehicle engine was running but stated that Respondent was making a quick delivery and argued that repeatedly turning the engine off and on would slow their drivers down and damage their vehicles.

Respondent does not offer a valid defense to the charge. I credit the statements in the summons and find that Respondent idled a motor vehicle engine for more than 3 minutes as described in the summons and that it is a 3rd offense. Sustained as a 3rd offense.
