Findings of Fact & Conclusions of Law

Respondent appears by online submission (Exhibit A) by representative, Michael Nacmias.

Respondent is charged with violating §16-120(a) of the Administrative Code of the City of New York for improper receptacle.

The representative moves to dismiss the summons based on the following: Petitioner did not meet the burden of connecting the cited bags to the Respondent.

16-120(a) of the New York City Administrative Code states in pertinent part: "The receptacles shall be made of metal or other material of a grade and type acceptable to the department."

I credit the issuing officer's observations and find facts sufficient to establish a violation under the above-referenced section of law.

I find that a credible, valid defense has not been established.

Accordingly the summons is sustained and the minimum penalty of \$50 is imposed.
