Findings of Fact & Conclusions of Law

ILMA BABU appeared as the authorized representative of the named respondent. Inspector Gibbs for the Department. The summons cites a violation of 24-163f.

The Petitioner submitted the registration information, event information, and photos.

Several videos were played into the record and described.

The respondent did not dispute the merits but submitted an invoice showing that the condition had been corrected. She

requested mitigation.

I find the sworn account of the issuing officer to be credible, and that it establishes the charge. The respondent failed to set forth a valid legal defense. Mitigation is not available for a violation of this provision of law. The summons is sustained.
